By a decision of the appellate division of the New York Supreme Court nearly all the Independence League organization candidates for Assembly, Senate and Congress were thrown off the ticket and under this decision they cannot run under the Independence League emblem of the scales. A story of the extreme brutality with which he alleged Henry Ketterer, a patient, was treated at the Eastern Kentucky Asylum, prior to his death, was related on the witness stand at Lexington by R. R. Champion, one of the former attendants. He testified that while lying prone on the ground, handcuffed, Ketterer was beaten by two attendants, one with a "blackjack," the other with a stick or club. Champion was indicted with other former attendants, but the bill against him was dismissed by the Commonwealth.

At Lancaster, the Eighth Congressional District Teachers' Association convened at the Baptist church with a large attendance from all the counties. An interesting program of addresses and music was carried out.

Wounds, Bruises and Burns.

By applying an antiseptic dressing to wounds, bruises and like injuries before inflammation sets in, they may be healed without maturation and in about one-third the time required by the old treatment. This is the greatest discovery and triumph of modern surgery. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness and prevents any danger of blood poisoning. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering such injuries entail. For sale by Stanford Drug Co.

Let others rave o'er "What To Eat," And if they will abet it, A magazine would be more meet Entitled; "How To Get It."

An Awful Cough Cured.

She had spells of coughing, just like one with the whooping cough and some thought she would not get well at all. We got a bottle of Chamberlain's Cough Remedy, which acted like a charm. She stopped coughing and got stout and fat," writes Mrs. Ora Bussard, Brufaker, Ill. This remedy is for sale by Stanford Drug Co.

The relation of the L. & N. railroad to the Louisville Property Co. and the connection of the same railroad with the Straight Creek Coal & Coke Co. were brought out in a hearing conducted by Judson C. Clements and James E. Harlan, members and representatives of the Interstate Commerce Commission at the custom house, Louisville. It was shown that the scope of the Louisville Property Co., originally organized as a holding company, had been enlarged so that the company now owns over 42,000 acres of timber and coal lands in Kentucky and Tennessee. Its officers, such as it has, are identical with those of the railroad company, and the capital stock is owned by the railroad. As to the connection of the Straight Creek Coal & Coke Co., which has mines in Bell county, near Pineville, and the L. & N., it was shown that Attila Cox, stockholder and director of the L. & N., also is stockholder and director of the coal company.

At London, Ira, the eight-year-old son of E. C. Holliday, was seriously and perhaps fatally shot by Chester Cornell, the 12-year-old son of Col. M. T. Cornell. The boys had been shooting at targets with a 22 caliber rifle, when the gun was discharged by accident, the ball taking effect below the heart and penetrating the left lung. The boy has been removed to the Pennington Infirmary, where an operation was performed.

HARVEY HELM

of Lincoln county.

ALL the fools are not dead and won't be till many so-called doctors have kicked the bucket. Two of them in Chicago have announced that 95 per cent. of the people are insane because every man who likes one thing more than another has an unbalanced mind. The devotees of golf and baseball are crazy; the man who applies himself exclusively to business is insane; a collector of postage stamps or books is a victim of mental aberration. Now a Chicago doctor who is employed by a railroad company tells the public that "hostility to corporations is a form of neurasthenia and sweeps like an epidemic. Hysteria is as much a disease as smallpox." So is patriotism a disease; a man must have an unbalanced mind if he would fight for one country rather than another. Political reform is hysteria; it is due to aroused emotion. It was an old Quaker, we believe, who once said to his wife: "I believe everybody is crazy except thee and me and sometimes I have doubts of thy sanity."

SENATOR MCCREARY will address the democratic voters of Lincoln and adjoining counties at Stanford to-day at 1 o'clock. Every democrat and citizen who can do so should give to Senator McCreary a hearing in the interest of his candidacy for the U. S. Senate. His reception here should be cordial and in keeping with the high office he holds and to which he now aspires re-election. He is the representative of Kentucky in the most exalted body in the United States. Especially should the supporters of Gov. Beckham in this county show their appreciation by giving the distinguished Senator a patient hearing.

MR. BRYAN thinks that the best way for Republicans to support the President is to vote for Democrats, as the "record shows that the Democrats have stood by him better in the Senate and in the House than the Republicans have." He states, though, that "the President does not go far enough nor fast enough in the direction of reform." After a careful review of the situation, Mr. Bryan thinks that the Democrats will capture the House. So mote it be. If they do Bryan will be the next president as sure as gun's iron.

GEN. HAYS is Attorney General of Kentucky by grace of a gullible and long suffering people. Holding such an office the presumption would naturally be that he knows at least a little law, but it is a very violent one. He says in his speeches that henchmen of the Governor and Hays get six cents a mile for going for and returning with lunatics. The fact is, they only get actual expenses. Is Hays ignorant of the law, or is it his studied purpose to deceive the people at every point?

THE Louisville Herald quotes somebody as saying that Gen. Hays will carry Lexington and Fayette county. Not on your life. He might have gotten a few votes there had he not opened his mouth and put his foot in it, but now he won't show in the race at all. He disappointed those who were disposed to believe a lie and made the leaders mad with him. The only effect of his speech, if it had any effect, was to make Republicans out of a few week-kneed Democrats.

A SAD case of a good man gone wrong is shown in the fact that Gov. W. O. Bradley has taken the stump for Bill Owens at Louisville. The ex-Governor doubtless confines his remarks to abuse of the devil and the Democratic party. Certainly he can say no good thing for the notorious blackleg and gambler.

THE asylum attendant who got five years at Lexington for killing a patient, had better take his medicine and not appeal, as his attorney says he will do. Next time he may get his deserts in a sentence of death. Five years for such a murder seems a travesty of justice.

HON. JAMES M. RICHARDSON, of the Third district, deserves to be returned to Congress by a handsome majority. He does credit to his district at Washington and should have an emphatic endorsement.

It is said that Oscar S. Strans, who is to go into Roosevelt's cabinet as Secretary of Commerce and Labor, is a straight democrat. If this is true, and we do not doubt it, he is getting in very bad company.

VOTE for Harvey Helm for Congress next Tuesday and all will be well.

TEXAS is away behind. The State Supreme Court has rendered a decision that solar time and not railroad or standard time must govern legal proceedings.

POLITICAL.

Congressman John Sharp Williams spoke to a large crowd at Cynthiana Thursday in the interest of Hon. James N. Kehoe, democratic nominee for Congress.

Richmond P. Hobson, Congressman from the Sixth Alabama district, spoke in the interest of Congressman Sherry's re-election at Turner Hall at Louisville Saturday night.

Gov. Beckham appointed Attorney J. C. Jones, of Pineville, as Special Judge of the Wayne Circuit Court, to preside during the holding of a special term of that court beginning October 29 and continuing 30 days.

William J. Bryan spoke to large crowds in a number of towns in North-eastern Ohio. At Canton, the home of the late President McKinley, he addressed an audience of 4,500 people.

Woodford W. Longmoor, a well-known young Democrat of Frankfort, has allied himself with Hon. R. C. Crenshaw, of Christian county, in the race for State Agricultural Commissioner.

Auditor S. W. Hager will speak in Lexington to-night in behalf of his candidacy for the Democratic nomination for Governor. This will be Mr. Hager's first speech of the campaign in Fayette county.

It is announced in Washington that George B. Cortelyou will retire from the chairmanship of the National Republican Committee when he becomes secretary of the treasury. Harry S. New, it is expected, will then assume the duties of chairman.

Democrats of the Eleventh district are making a determined effort to carry the district for Dr. Gatlin, the Congressional nominee, and are plastering the county with posters showing one of the acts of D. C. Edwards, the republican candidate.

The controversy between Congressman W. T. Zenor and the Hon. W. E. Cox as to who is the regular Democratic nominee in the Third Indiana congressional district has been amicably settled by the withdrawal of Congressman Zenor. Mr. Zenor issued a statement to the voters of the district announcing his withdrawal.

A message from President Roosevelt to Marcus Braun, declaring that he was "heart and soul for Mr. Hughes," was read at a Republican meeting in Cooper Union in New York City. It was the first public utterance of the President during the New York campaign and created great enthusiasm. William R. Hearst spoke at seven meetings in Brooklyn and Kings county last night.

It has been suggested, and it is believed at Frankfort that the suggestion will be favorably received by those interested, to have, during the summer of 1907, a reunion of the members of the Constitutional Convention of 1891, the framers of the present Constitution of the State of Kentucky. If held, the reunion will likely take place at the capital, the scene of the labors of the convention, and in attendance will be the members and the officers and attaches of the body.

The Montgomery county contest board, composed of Judge A. A. Hazelrigg, Magistrates Thompson and Trimble, decided the contest over the local option election held in the Fourth ward there in September, null and void, by a vote of two to one. Hazelrigg voted that the election was legal. The opinion of the majority declares that the only way to determine the result is by a unit vote of the city. The drys won in the Fourth ward, but the wets carried the town by 38. Under the decision whisky can now be sold in all four wards.

He is a close observer of passing events and his keen sense of wit and humor guarantees a production which will be not only interesting but instructive and entertaining throughout.

SHOES FOR SERVICE!

The time has come for boots and shoes of "weather weight," made for service, made for the mud, made to keep as near as possible the feet warm and dry. [The "Hocker Bootee," made in two leathers, the old-fashioned "CALF SKIN" and the soft tanned BOX CALF, made as neat as a Sunday shoe; heavy, good year welt sole, LEATHER LINED, making them as near WATER PROOF as possible. Price, \$5.00. "Honest Mike," you all know him, the only leather coming to this town tanned the OLD FASHIONED way, not by STEAM in 30 days, as others are; but the old COLD LIQUOR way, which takes nearly a year to tan. This way you know preserves the life of the skin, makes it wear MUCH LONGER, makes it NEARER WATER PROOF and causes it to remain SOFT on the foot. The boots are \$4.00; the high top shoes \$4.00; the brogans are \$2.50; in boys' high top \$2.50. The "Level Best," made by the "Honest Mike" people, we believe beyond question the BEST BOYS' SCHOOL SHOE sold today. The uppers are made of the best crone tanned calf, the soles inside and out, as well as the counter and heels, are made of the very best sole leather and, unlike most other shoes, the top does NOT STOP when its SEWED to the UPPER, but GOES on DOWN and is FASTENED to the SOLE, making it next to IMPOSSIBLE to come apart and being doubled, its warmer and dryer. In Men's \$2.75; Boys', 2 1/2 to 5 1/2, \$2.25; Childs, 10 to 2, \$2.00. These are not things of beauty, but the best goods in the market and sold only by

ENTRANCE Saturday night was attempted through the transom leading into Mrs. W. S. Jones' room over her restaurant, but Mrs. Jones' screams frightened the cowardly thieves away before they could enter the room. Mrs. Jones says they were two white men and the same ones who were in her store that night before she closed, but that she could not accurately describe them. We hope they will be captured and given a heavy punishment.

BOUGAT OUT A BANK.—The Manufacturers National Bank at Harrison, Tenn., has been purchased by the new bank which has been organized there by Messrs. H. C. Baughman and W. C. Greening. STILL HUNT.—Judge L. W. Bethurum, republican candidate for Congress, was here Saturday closeted with Judge Geo. M. Davidson and other republican leaders, and it is the general opinion that the republicans are making a still hunt fight against Hon. There seems to be an apathy among democrats all over the county and we urge that every one be on hand next Tuesday, bright and early.

DEMOCRATS who failed to register on the regular day set apart for that purpose, and who were unable to be present on that occasion, should remember that to-day and to-morrow, the 30th and 31st, are the days of supplemental registration. Don't fail to register if you want to vote in the general election and State primary.

SHOT HIMSELF ACCIDENTALLY.—While searching for Charles Hood, a convict, in the lumber yard at Frankfort, Guard Samuel McGee, of Crab Orchard, dropped his pistol, exploding the revolver, the shot passing through his left arm. Mr. McGee came home Saturday night and is now nursing the wounded member.

MRS. PRINCESS LONG, who will sing at the Opera House Nov. 2, is a singer of much ability and it is recognized wherever she has sung. She has a voice that will attract. It is not piercing, but penetrative; not too strong, but has moving power. In fact when she sang in Music Hall at Cincinnati her voice had the carrying power to fill the vast hall and to attract each hearer. She was once called the sweet singer of the Pacific coast, but may now well be styled the effective singer of the Blue Grass. J. W. Ireland.

BIG FIRE AT SOMERSET.—Yesterday morning about 2 o'clock fire broke out in the third story of the Newtonian Hotel at Somerset and it, with nearly all the contents, were burned. The water works were out of shape and the fire department was handicapped, being unable to save anything in the hotel or building either. M. C. Williams' drug store was damaged by water so badly that it is almost a total loss; also Grinstead & Co.'s dry goods store. At last accounts the fire was still burning. The loss on hotel will be about \$40,000, with some insurance. Mr. Williams had some insurance also. Newton Bros. are the heaviest losers by the loss of their handsome hotel and its contents. One of the Messrs. Newtons live at Hustonville.

"HOOLIGAN'S TROUBLES."—From the Mobile Register of Wednesday is clipped the following concerning "Hooligan's Troubles," which appears at Walton's Opera House, Saturday evening, Nov. 3rd: "One of the largest audiences of the season greeted 'Happy Hooligan's Troubles' at the Mobile Theatre last night, the initial performance of a two nights' engagement. The show is what might be termed 'a melange of merriment.' The vehicle was built to provoke laughter, and from the liberal applause it can be said that all were pleased with 'Happy Hooligan' and his company. Frank Minor, a clever comedian, took the title role and he was one of the best, both in point of acting and make up ever seen in this city. The songs of 'Happy Hooligan' during the play were special features." This big company, owing to an open date, will fill in one night, Saturday, Nov. 3rd, at Walton's Opera House, Prices, 25c, 50c and 75c.

WINFREY REPLIES TO GULLION

SOME PLAIN TALK IN STATE
SUPERINTENDENT'S RACE.

Damaging Facts Submitted to Show
That Gullion Is Double-
Dealing.

To the Democrats of Kentucky:
My opponent, Mr. E. A. Gullion, is greatly disturbed over the fact that the voters all over the state are finding out that he is trying to sell into the State Superintendent's office under false colors, and that evidences of double-dealing are rapidly accumulating against him.

Many persons who knew the relationship existing between Mr. Gullion and certain persons in the city of Lexington, who are known to be unfriendly to the normal school movement, were suspicious from the time of his announcement that there was a "nigger in the woodpile." This feeling now seems to be well-nigh universal.

Recognizing the great popularity of the normal school movement in the state, and being conscious that the people generally are speculating on the fact that his candidacy has, from the first, been strongly indorsed by those who opposed the normal school bill, my opponent comes out in the

M. O. WINFREY, A. B.

papers of the state and in circular letters insists that there are no persons opposing normal schools. In his efforts to deceive the public, he goes on further and deliberately misrepresents his attitude in the fight for state normal schools, and ingeniously conceals his real mission in Frankfort last winter. He has the audacity to claim that he spent 50 days of the 60-day session of the last legislature in Frankfort, in the special interest of the state normal school bill, and that he did everything in his power to secure its passage, adding that certainly no one was more active in promoting the measure than himself. He even makes a feeble attempt to prove this ridiculous and glaring misrepresentation by persons who were not in position to know whether he worked for the bill or not, except by taking his word for it, since none of them were on any committees which had this bill under discussion.

In order that the voters of the state may know that my opponent is attempting to deceive them in this matter, I submit below statements from members of the legislature who were in position to know who worked for the normal school bill, and who also know what Mr. Gullion's real business was in Frankfort during the last session of the legislature:

Senator Conn Linn Talks.
I was chairman of the educational committee in the senate, during the session of 1906, and as such I was greatly interested in the state normal school bill, drawn by Prof. M. O. Winfrey and introduced by the late R. W. Miller. I well remember Prof. Winfrey as the champion of that bill both before and during the recent legislature.

I do not recall that Mr. E. A. Gullion ever met with the senate committee on education or that he ever spoke to me on the subject of state normals. It was my understanding, in fact, I think he told me, that he was in Frankfort as the lobbyist for the newspaper libel bill, which was defeated. I never heard from him on any subject outside of newspaper legislation.

Very truly,
CONN LINN,
Chairman Senate Educational Committee.

Gullion a Lobbyist.
I was a member of Educational Committee No. 1, in the house, and was secretary of the subcommittee which had charge of the redrafting of the normal school bill. I attended every meeting of the committee and of the subcommittee. We were in frequent conference with educators from all parts of the state, but I do not recall that Mr. E. A. Gullion attended a single meeting, nor did he by suggestion or otherwise render the committee any assistance. I was cognizant of every step leading up to the pas-

sage of the act, and I never knew of Mr. Gullion's taking any interest whatever in the welfare of the measure. I do know, however, that he spent a great deal of time before the legislature as the champion of the libel bill. It was only as a lobbyist for the newspapers that he ever approached me.

CHARLES I. DAWSON,
Ranking Member House Educational Committee.

Championed the Libel Bill.
In reply to your inquiry, I will state that I do not recall that Mr. E. A. Gullion ever appeared before the committee on appropriations at any of its meetings to urge favorable action on the state normal school appropriation, nor do I recall that he ever approached me on the subject.

I know he was in Frankfort a good part of the session, but it was my understanding that he was there as the representative of the Press Association, in the interest of the newspaper libel bill.

I do recall very distinctly that Dr. Hume, Prof. Cherry and Prof. Winfrey were present at these meetings.

I make this statement without any ill-feeling toward Mr. Gullion.

E. H. SHELMAN,
Chm. Appropriation Committee.

May Have Favored Wrong Measure.

In reply to your question as to Mr. E. A. Gullion's attitude on the state normal school matter, and as to whether he ever appeared before the house appropriation committee in their interest, I desire to say that I do not remember his appearance before that committee on any subject, though he may have done so. I attended nearly all the meetings of that committee, and remember distinctly the appearance of Hon. R. W. Miller and others in the interest of the normal bill, but do not recall any part that Mr. Gullion may have taken in the question.

I remember the appearance of Pres. James K. Patterson in the interest of the normal appropriation for the State college at Lexington, and it may be that Mr. Gullion was interested in that matter, thus confusing the two normal school bills.

Truly your friend,
LOUIS P. HEAD,
Member Appropriation Committee.

In view of the above statements, what becomes of my opponent's claim that he was in Frankfort 50 days last winter in the special interest of the state normal school bill?

It is evident that he is trying to deceive the public by claiming to have labored to promote this normal school legislation. Why did he try to conceal his real business before the legislature? "All the people can not be fooled all the time." Verily he has seen the "handwriting on the wall."

Four Candidates From Seventh District.

There are 11 congressional districts in the state and nine candidates to be nominated for state offices. The Seventh district has four candidates in the field, Mr. Gullion for State Superintendent being the last one to announce. Two of these four candidates have no opposition, viz: Hon. Henry M. Bosworth for auditor and Hon. South Trimble for lieutenant governor.

As a matter of fairness and justice to the other sections of the state, and in order to strengthen the ticket would it not be advisable to distribute the candidates over the state, rather than to nominate four out of nine from one section?

Supt. Fuqua's Indorsement.
My opponent has given wide publicity to a statement which he secured from State Superintendent Fuqua, after promising Mr. Fuqua a place on his state board of examiners.

In order to correct any false impressions that this letter may have caused I publish herewith a letter written by Mr. Fuqua a few days ago:

"Frankfort, Ky., Sept. 11, 1906.
"I have known Mr. M. O. Winfrey a number of years, and have always found him very zealous and active in the cause of education, and a successful and skillful teacher. He has been a member of the State Board of Examiners since my entrance into office, and has discharged his duties faithfully and efficiently. He was very active and uplifting in his efforts for the establishing of the two normal schools. It is a pleasure to me to give these testimonials of regard for Mr. Winfrey.

Very truly,
"JAS H. FUQUA, SR.,
"Supt. of Public Instruction."

Gullion Attacks Jim Stone.

Mr. Gullion seems greatly worried over the fact that I have selected for chief clerk Hon. James E. Stone, former county superintendent of Breckinridge county for two terms and chief clerk of the house of representatives for the past 25 years. He seems greatly distressed over Mr. Stone's superior fitness for the place, and goes on to say that this is not a popularity contest between chief clerks. He seems to argue that efficiency in a chief clerk is unnecessary, for he says, "A machine can add a column of figures." I wonder if this was the idea which prompted him in selecting his chief clerk.

The thousands of friends of Hon. James E. Stone throughout the state will resent Mr. Gullion's weak attempt to reflect upon him.

From One Who Knows.

Prof. M. O. Winfrey worked incessantly for nearly two years to pave the way for state normal schools. Dur-

ing the two years prior to the meeting of the last legislature he did more to mold and develop public sentiment in favor of these institutions than any other man in Kentucky. During the session of the last legislature he spent much time in Frankfort, and was always alert and active for the state normal school bill, of which he was the author.

He should ever be remembered by the teachers and friends of education in Kentucky as one who has labored faithfully and sacrificed much for the success of this great cause.

DR. E. E. HUME,
Chairman Executive Committee, Educational Improvement Commission.

Middlesborough School Board.

Prof. M. O. Winfrey is one of the most thoroughly equipped and accomplished school superintendents we have ever had the pleasure of knowing. Besides being highly educated, and a strictly moral, upright Christian gentleman, he is one of the most active and zealous educators within our acquaintance. He has within four years revolutionized our schools. He has brought order out of chaos. He is peculiarly fitted for his work, being gifted with exceptional executive ability and the power of enlisting the community in the cause of education. As a result of his good work here we are straining ourselves financially to erect for him a \$30,000 high school building.

While we would regret exceedingly to lose his services, yet we can not say too much in praise of him as a wide-awake, up-to-date educator. We are proud of him.

Very truly,
R. L. RALSTON, President.
H. H. SPRAGUE, Secretary.
WM. WALLBRECHT, Treasurer.
Board of Education, Middlesborough City Schools.

WHAT PROMINENT SCHOOL MEN SAY.

From Prof. T. J. Coates, Supt. Princeton City Schools.

Supt. M. O. Winfrey of Middlesborough, Ky., stands in the very front rank of school men in this state. As a member of the State Board of Examiners, as President of the Kentucky Educational Association, as President of the Educational Improvement Commission of the city schools of Stanford and Middlesborough, as institute instructor and platform lecturer, he has proven his right to be ranked among the brightest, truest and brainiest young men of the south. He is in the prime of life, hardly forty yet, ambitious, energetic, a tireless worker, with superb health and splendid courage. The schools of the state, I sincerely believe, would be vastly benefited under his administration. I know no man who has done more than he to arouse and direct public opinion along educational lines. His life, his heart, his hopes are in his work. Above all he is a man of action; he brings things to pass. He has crowded more work into his eighteen years of school life than any other young man I know. He is a born leader.

For these reasons I believe the welfare of the school children of the state and the future advancement of Kentucky will be best served by the nomination and election of Professor Winfrey, and therefore I shall cordially support him.

From Prof. John Morris, For Ten Years Superintendent of Covington Schools.

Covington, Ky., Oct. 23, 1906.
As a school man I am watching the progress of the campaign for Superintendent of Public Instruction with more than ordinary interest; and I feel that the people should be alive to the educational demands of our commonwealth.

The best interests of public schools demand that a thorough school man should be elected to the office of Superintendent of Public Instruction in Kentucky. He should be a teacher by profession and a man of wide experience in actual school work. He should be a leader in his profession as well as a scholar. He should know the educational needs of the state, and should be ever ready to sacrifice personal ease for the good of the state. Such are some of the qualifications the superintendent of public instruction should have. If all the qualifications are possessed by a candidate the people should not hesitate to cast their votes for him on election day.

Fortunately for the educational interests of Kentucky, there is such a candidate in the person of Prof. M. O. Winfrey, superintendent of the Middlesborough city schools.

Very respectfully,
JOHN MORRIS.

From Prof. W. F. Pate, Supt. Lebanon Graded Schools.

In my long association with Prof. Winfrey I have always known him as a man of fine moral character, as an earnest and zealous worker in any cause that he considers right, as a man of strong convictions and with the courage to carry out those convictions. No man has ever worked more ardently for the upbuilding of our common schools, no one in our state is better equipped for the duties of the important office of Superintendent of Public Instruction, and certain it is that no other one has done such effective work for the establishment of our state normal schools; and in my humble opinion the best thing that can happen to the educational interests of our state is to elect him to the position he seeks and begin a new and more progressive era in Kentucky.

E. W. ROSE MEDICINE CO., St. Louis, Mo. STONEFORT, ILL., April 3, 1905.

Dear Sirs:—It is a source of pleasure for me to permit you to use my picture before and after cured by "ZEMO," and to tell what "ZEMO" did for me. I doctored this case of (Acne) pimples for six years and spent several hundred dollars with physicians and specialists. The more salves and creams I used, the worse my face became. Mr. Ira Blackman recommended "ZEMO." Eight bottles entirely cured me, and I honestly believe "ZEMO" is the best remedy in the world for any skin disease.
